

READ ME – RESULTS

We have had an unfortunate computer and back-up drive failure which has put us behind in entering results and points. Hopefully we will be able to catch up soon. Our back-up drive was sent to California. Unfortunately they were unable to recover any of the stored data – the back-up of our whole web page. In the meantime we are making new pages such as this one and new points schedule and race schedule pages.

NEW POINTS SYSTEM (Revised and effective 6/2/07 – not retroactive for March, April and May. We are changing the points schedule to reflect more accurately the ranking of the juniors and espoirs. There is no awarding of points based on age separations, only on placings regardless of age. LAJORS medals are awarded based on the age separations.
